# 24<sup>th</sup> Annual Conference ~ 2019

Our theme, "Community Leadership", will focus on using leadership skills to actively involve our communities in addressing today's most pressing challenges. We seek to have participants engage in strong networking opportunities, mentoring options, strengthen communication skills, and develop new strategies for community development. Our unique backgrounds in Criminal Justice provide a base for tackling many of today's ever present community issues. By refining our leadership skills we will enhance opportunities to work collaboratively with our hometown leaders and neighbors to further the changes that need to occur to make our communities safer.
