25th Annual Conference ~ 2022

2022 marks the WICJ celebration of 25 years bringing Criminal Justice colleagues together to learn, share, support and network. During the last two- and one-half decades we have watched as many chose to enter the field; expand their experiences nationally and internationally; work in academia; commit to a career on the front lines and mentor newcomers; advance into leadership positions; or, retire as dedicated professionals, all the while balancing full lives outside of work. As we acknowledge this collective work, we must thank those who came before us: being the first in a field; cracking and breaking the glass ceilings and walls; taking career risks; earning advanced degrees; never backing down and clearing a path for those who would follow. Let us all strive to widen that path and eliminate ceilings for the women who will replace us. The presenters will explore history and personal experience to commemorate the accomplishments of the last 25 years and provide vision for the future in their presentations.
